“Preparing the STEM Workforce: The Next Generation”:

The 21st Century Workforce, New Basics, Sustainable Workforce and Environment

Dear Vendor,

On behalf of the MTEA, you and your company are invited to participate in the MTEA’s 32nd Annual Fall Conference Vendor Show. This year’s show promises to be a great opportunity for everyone involved.

The 2010 Minnesota Technology Education Association’s Fall Conference is Minnesota’s premiere Technology Education Conference. This conference has been the showcase for many of the nation’s finest industrial and technology related companies. MTEA has worked hard to make this conference a huge success. The theme of this year’s conference is “Preparing the STEM Workforce: The Next Generation”.

The 2010 conference will again be the showcase for innovative technology/industrial education related companies and will also showcase some new up & coming companies as well.

September is coming up fast so let me hit the highlights for this year’s show.

- **Low price** for booth space! (\$250 for 8 feet w\ one 6 foot table, table cloth, and chair)
- **Box lunches** will be provided at no additional charge. After you set up you will not have to leave your booth space unattended to find lunch. We’ll bring you a lunch.
- Vendors may have **the same booth space** as they had before. (just request it on the reservation form)
- Back by Popular Demand... we’ll be having several **“Featured Vendor”** events going on during the show that will spotlight various vendors. (see the RSVP form for more info)
- All forms must be returned by **July 31st**. Booth space preference is on a first come, first serve basis. Featured vendor requests are very limited and are also first come, first serve. So get your requests in early.

If you’re interested in participating in the 32nd anniversary MTEA conference as a vendor, please fill out the enclosed RSVP form and return it to me in the enclosed pre-addressed envelope. All forms should be returned **no later than July 31st**.

Sincerely,

Mike Livieri
